Walker, since last September, started to Ironton, her home, Monday, by way of Hornersville, meeting the family of A. J. Langdon there, and continuing the journey with them. She will return here, in September.—Dunklin Democrat.

In the article entitled, "The Missouri Baptist Assembly," on the first page of this paper, one error in date is made in a part of the edition. It reads, "the first meeting of the Assembly will begin July 15th." It should be, "July 20th." The date is correctly in other places, but it is proper to specifically call attention thereto, so that no confusion may result.

Our young friend, Francis Greason Delano, favors us with an invitation to attend the graduating exercises of the United States Military Academy, West Point, New York, June 11th. Frank is one of the graduates on this occasion and will soon be a full-fledged commissioned officer in the U. S. army. We congratulate the young man on his success.

While in the courthouse one day the past week our attention was directed to the assessment returned by Mr. John S. Benson of Annapolis. In his return to the assessor Mr. Benson gave in \$55,000 in cash. This is a long way the largest personal return ever made in the history of the county, and easily classes Mr. Benson as the largest individual tax-payer in the county.

Mr. W. T. Gay of Ironton visited his sister, Mrs. Robert Tetley, and other relatives here the past week. Mr. Gay is an applicant for and will probably receive the appointment as one of the Board of Managers of State Hospital No. 4. The terms of three members of the board, Messrs. Hinchey, Russell and Dr. Clark, have expired, and Governor Hadley will probably make appointments to fill their places on the board before its next meeting, the second Monday in June.—Farmington Times.

Jacobmeyer, which will be celebrated at the home of the bride Wednesday, June 16th, 1909, at 8:30 o'clock p. m. Miss Begley has many friends in the valley who will join the REGISTER in wishing her a life of much happiness.

Otto Rieke, who has been with the coast defense in Uncle Sam's army at Key West, Florida, for the past three years, spent the past week with his relatives in Ironton, his term of enlistment having expired. Otto says he likes the military life, he plays in the band and has a snap. He expects to re-enlist in the near future. He will go to Fort Wayne, Detroit, or Fort Logan, Colorado. He has not yet determined which.

Our Annapolis correspondent says that the REGISTER did not reach that place last week until 4 o'clock Friday evening. Why, we are at a loss to understand, for the papers were loaded on the train here Wednesday afternoon at two o'clock. Over forty-eight hours getting twenty miles away! The truth is our mail service is rotten, rotten, rotten! The Annapolis incident is no rare exception. Every week we have similar complaints. Thus far we have failed to get any relief, but we intend to keep on trying until some improvement is made.

The fastest trip ever made by any train on the Iron Mountain was the trip of No. 7, the fast mail, this morning between St. Louis and this city. On this record breaking trip the train made up thirty-nine minutes between St. Louis and Piedmont, a distance of one hundred and thirty miles. The train pulled out of St. Louis station late and Engineer Wonder resolved to put her in the Poplar Bluff station on time. He opened up the throttle and started the speedy train off at a high clip. He still opened the throttle and faster and faster her speed became until the great train was thundering through the Ozarks on her southward journey at record breaking speed. Eighty miles an hour was a common rate on this trip. This is double the speed that is regarded as being fast, through the mountain division. Engineer Wonder kept this record breaking time up and his resolution to put No. 7 here on time was carried out for she arrived on time.—Poplar Bluff Republican.

Mrs. T. P. Fitz of Des Arc is in receipt of the following letter from Chas. E. Stokes, of Kansas City, chairman of the Missouri Prohibition committee:

"My dear Madam—Your inquiry in regard to Mr. Bonsib and also clippings from paper came to hand several days ago, but I was at Jefferson City and only returned from there recently, and have been very busy since. In regard to the matter referred to would state that I very much regret that Mr. Bonsib is mixing his mining stock work with his temperance work, and I shall ask him to discontinue doing so. But I do not think there is any necessity for the scare that the newspapers are trying to get up. I feel safe in saying that the mining company which he is working for is in the hands of men whom I believe to be honest, and who think that they have a good mine. They are not trying to deceive anyone. But I know there are a good many mining schemes that are nothing but fakes, and people generally are skeptical on that question. I do not blame them, for I am a good deal that way myself. I know mine, however, who have examined this mine and seem to think it is going to be all right, but for the sake of the cause I shall insist that Mr. Bonsib shall drop that feature of his work at present. With best wishes,
Yours truly,
CHAS. E. STOKES."

A queer old world this and some very queer people in it. One day last week while I was in St. Louis I had occasion to visit one of the big drug stores of the town. Standing at the cigar counter, waiting for some change, I noticed an individual enter the front door, walk briskly down past the long counter of many brands of whiskey kept on sale, until his eye rested on the particular brand he was looking for. He said never a word, reached over and took hold of a pint flask and shoved it in his hip pocket—just like he had done the same thing a thousand times before. The salesman seemed to understand, too, for he likewise said never a word. Just wrote out the check, handed it to the purchaser, who stepped to the cashier's desk, paid his bill and went on his way. Now you say nothing singular about that. Ordinarily, no. But who do you suppose the purchaser was? Well, I'll tell you. He was a man who something over twenty years ago, "evangelized" all through Southeast Missouri. He fairly tore up the ground, all the way from the Mississippi to the foot hills of the Ozarks. He held a meeting right here in Ironton for a month or more and most bitter and pronounced was his denunciation of the demon, Drink. True, that was over twenty years ago. But, for all that, I say it is a queer world, and some queer people in it.

Fire almost completely destroyed the residence of J. M. Morris about noon on last Friday. It caught in the attic, presumably from defective electric light wiring, and when discovered by passers by the greater portion of the rear part of the roof was ablaze. Mr. Morris was sitting on the front porch reading and did not know of the fire until a neighbor passed and called his attention to it. It had gained so much headway that

the building was badly damaged before the fire department arrived on the scene and extinguished the flames. Messrs. McCarthy Construction Company's estimate on rebuilding the property was \$2250. The insurance carried was \$1800 on the building, \$1000 on the furniture and household goods belonging to Mr. Morris, and \$1300 on those belonging to Mr. and Mrs. Howard G. Washburn. But few articles were saved and those were badly damaged, so rapidly did the fire burn. A large blue fell while the firemen were trying to get a hose line established inside the building, and seriously but not dangerously injured M. C. Zimmer and R. M. Talbert. It is little short of a miracle that they were not killed, as the blue came crashing through into the hall where they were working with the hose. James C. Morris was struck on the left side of the face with one of the large nozzles which he was trying to manage and sustained a fearful bruise. Mr. Morris tells us he will rebuild at once. The old gentleman was much affected by the fire, as it destroyed many articles dear to him on account of associations, some articles having been in possession of his family for half a century. Mr. and Mrs. Washburn lost most of their beautiful and costly wedding presents.—Farmington News.

The memorial service was well attended Sunday. It rained in the morning, but a large crowd met there in the evening. Mill Spring, Piedmont, Annapolis, Ironton and Bismarck were represented. No. 8 stopped for passengers going north, and No. 9 stopped going south. The memorial services were conducted by Bro. McBride, assisted by 15 or 20 local preachers. Among them were Rev. H. I. Wray, of Bismarck; Rev. Harrison, of Peach Tree Park, and Rev. Wonder, of Williamsville. We had very appropriate singing led by the Holiness choir. Rev. McBride closed the meeting Sunday night. Everybody was more or less benefited. Geo. Collins and family were here from Ironton, J. S. O'Neal and family from Mill Spring, and Cicero Lucy and family from Bismarck.

Annapolis News.

Here is the news from the best little town south of Ironton—for peace and quiet.

Well, Mr. Editor, wish to correct the publication of the battle, near Redford, week before last. Instead, of Marcus Price being badly cut, it was Marcus Davidson, and Sam Flowers instead of John Flowers.

Mr. Davidson is getting along all right, and will be out in a short time. Flowers is under bond.

Chas. Loyd and James Kelly had a little spat Saturday evening last. No one hurt; the fight was fair, they were equally matched, and parted friends.

D. A. Worley has gone back to Reynolds county to work at the saw mill of Add Reese. Jeff Jackson came over from there Sunday and will return Tuesday. He says men are in demand down there and work plentiful.

J. R. Harris is at work in Worley's blacksmith shop. There appears to be plenty of blacksmithing but no money coming in when the work is done.

Fred C. Kitchell is going to Bonham, Texas, in the near future, to try railroad work. There are fine opportunities there and at Hallettsville, Oklahoma, for young men who wish to railroad.

James Shy, of Sabula, and Ida Dean, of Winona, Shannon county, were united in marriage at the home of Mrs. Shy in Sabula, Sylvester Kitchell, J. P., officiating.

George C. Hatridge and James Reed's daughter expect to be married Wednesday, June 2d.

Isaac Williams of Crane Pond made a flying trip to Oklahoma, and reports it a very fine country.

Passenger train No. 8 killed a fine pig for Squire Kitchell Sunday. He says he would not have taken a live-spot for it.

The new church house is nearing completion, and it is expected to hold services in it the coming Sabbath. So many different doctrines these days, though that it is hard to tell when the Sabbath comes.

Mr. Editor, what has become of John L. Marshall, Sheriff? I saw where he took some prisoners to the penitentiary, and I am getting uneasy, thinking maybe the prisoners were turned loose and the wrong man put in.

Gus Funk went to Ironton this morning.

T. P. Fitz was on 26 Monday en route to Marquand. He will be at Annapolis next Monday to take up hub timber.

Will ring off, hoping the REGISTER will get better service as we did not get our papers last week until 4 o'clock Friday evening.

Hogan Items.

Well, Mr. Editor, will send you a few items, but news is scarce.

Quite a crowd of young people attended a party at Drew Smith's Saturday evening. All report a good time. Ice cream and cake were served on the lawn.

G. W. Scoggin was here Monday on business.

A. E. Bisch reports an abundance of peaches, apples and other fruits around Brunot and Coldwater. The peach trees are breaking down with fruit, he says; fifty cents per bushel will be a big price this year and Des Arc will be a good market for them.

A hobo went into the Grecks' house one day last week and was helping himself to what he could find to eat, when he was surprised by the owner, who gave him a beating. Later we understood the man was supposed to be crazy as he tormented several of the neighbors.

Mrs. Vina Goff and daughters, Grace and Beulah, are at Hogan, called to the bedside of their relative, Mrs. Pearson.

Livie Pearson, who has been suffering from rheumatism, is reported worse; not able to leave the bed. Dr. Smith of Ironton was called to see him Saturday.

Operator Taylor has asked for relief. He intends to visit his parents at Kansas City. I'll bet Jack will have a time.

The saw mill at Jordan has been moved away, because of lack of timber.

Mrs. Pearson, aged about 78 years, died at her home in Hogan, May 23, 1909. The deceased was one of the oldest inhabitants of this part of the country. She came to Hogan about twenty years ago and enjoyed good health up to the last few weeks. She leaves a son, two daughters and several grandchildren. We extend our sympathy to the bereaved ones.

A. E. Bisch and Mrs. J. A. Reese and children spent last week at

No better type of man exists on the face of the earth than the American yachtsman.
